About This Game

In **Caveman Stories** you control a Caveman who, at the beginning of an ice age, got lost from his tribe and now must fight to survive and find a way back home. You will not want to miss this adventure!

Something is causing the world to become cold and covered by "white dirt". For us, it's easy to recognize and survive in the snow, but for the cavemans who have never experienced this before, it can be a big challenge!

Explore the Unknown

Explore the unknown by going places no one ever dreamed of happening in the lands of the game. Discover new things and try to surprise the fearless caveman.

Find a way to defeat your enemies

In *Caveman Stories*, each type of enemy requires a different strategy to be defeated, which can be too simple or too complicated. Use whatever is within your reach to defeat them!

Collect some wood and build to survive!

If you want to survive the icy *Caveman Stories* nights, you'll have to work hard to collect raw materials and build shelters all over the map! Of course, you may be lucky enough to find caves in time to hide from the cold, but I would not count on that!

Discover and solve mysteries and enigmas

Find out how to use the different tools and weapons on the map to be able to survive the icy nights and defeat your enemies!

FEATURES:

-
- Amazing 3D Hand Painted graphics!
